

# Manor Beach Primary Newsletter

02 July 2021

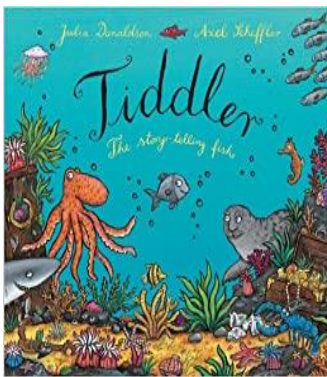

## Message from Miss Mason

It has been another great week here at Manor Beach. We welcomed our new reception class. Like everything else this year, it hasn't been a typical induction experience but on the positive side it's allowed us to think 'out of the box' and still offer a warm Manor Beach welcome as we always do. We booked an ice cream van for the induction and thought, 'why not buy an ice cream for the whole school' our children and staff certainly deserve it, so that's what we did. Have a look at our Facebook [here](#) for a peek at some of the wonderful pictures.

Who's watching tomorrow?? Come On England!

## Neverland

In Neverland Class we have been learning all about the seaside. We have looked at some photographs of Cleveleys promenade and have spotted some landmarks like Mary's shell and the ogre! We are using the book called 'Tiddler' by Julia Donaldson to make our own stories and we have been sorting animals that live in the sea and animals that live on the land. The children have enjoyed playing teachers' this week and have loved writing in the provision too!

## Wonderland

In geography we have started learning about weather and explored the sun and shadows using shadow puppets. We also now have 5 beautiful butterflies in our class.

## Faraway Tree

Faraway Tree have been learning about all kinds of different trains. We have then written facts about them and we are going to be writing a story too.

Children have begun to learn about multiplication and have been putting in super effort.

We have also been learning about toys that people played with in the past and enjoyed finding out about what Miss Baines and Mrs Cunday played with they were small.

Also a massive **thank you** to Marley Howard's dad who has put up a fabulous blind in our classroom.

## Enchanted Wood

We have had a Healthy Heads in and we loved the yoga and resilience activities! We all felt very chilled after the relaxation exercises!

We have been learning about the four nations of the UK and their capitals, finding them on the map.

## Reading

Reading for a short time each night can have a huge impact on your child's vocabulary, comprehension and fluency. Please spend **at least 10 minutes** each day to read with your child so we can ensure every child achieves their full potential.

## School Holiday Dates

For all of our super organised parent/carers, our school holidays can be found on our website, up to 2024

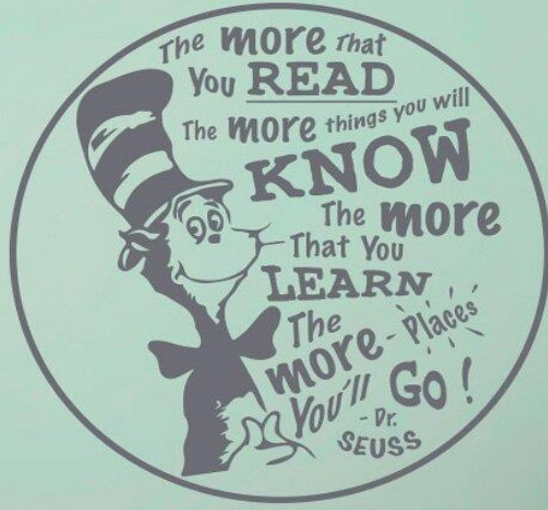

<https://www.manor-beach.lancsngfl.ac.uk/manor-beach-primary-school-parent-information/holiday-dates/>

## Year 6 Manorfest

Our year 6 children should have had their tickets to what promises to be a memorable afternoon of festival fun! We have some fantastic activities planned:

- Music
- Pizza
- Gaming van
- Bouncy castle
- Games
- Photo props and Instapix
- Festival face painting and tatoos

The children will receive a lanyard, wrist band and flowered hair band. We can't wait.

## Sports Afternoons

Keep an eye on our Facebook for pics and results of our sports afternoons

**Come on England!**
